most unique ride that can only happen in the state of Florida.

The Florida Coast2Coast Ride is one of the best rides! It lets you explore deep into the rural areas of the state. The ride offers the participants a chance to see a side of the Sunshine State that is uncommon and revealing. The ride holds the true essence of a leisurely adventure, letting you experience Florida's widely diverse archeological landscapes, a beguiling grandeur mix of overt opulence and serene natural beauty, with scenic tranquil views, verdant pastoral country-side, pristine sapphire coastline, and panoramic tableaus of rural openness. The route will illuminate some of the best, yet lesser known isolated and majestically scenic back roads. This is a symphony of byways that are truly a hidden treasure.

Be a part of the tradition – come enjoy the ride in the mild temps of mid-October. Join in the fun, to discover a newfound appreciation for Florida's back roads and byways by attending the scenically picturesque-rich Florida Coast2Coast Ride...It will absolutely be a journey to remember for a lifetime!
